PRE-TEX®

Pre-impregnated mini-rolls for automatic washing systems

MAXIMUM RESULTS - MINIMUM WASTE - MAXIMUM SAVING

10 reasons why PRE-TEX® is UNIQUE

- All Pre-TEX® solvents are **ISEGA certified**
- **Ready for use:** no preparation is needed
- Uniform impregnation, **NOT soaked to saturation** (immersion)
- Re-start-up with **minimal waste**, every other system creates a lot more
- Micrometric impregnation, no wash on the plate, **no fogging**
- Optimization of washing programmes **without wasting cloth**
- **No loss** of wash on the grippers and moving parts of the press
- Every wash guaranteed to be **perfect in all the printing units**
- **Wash times** drastically reduced by half, also in the large size presses
- Vacuum sealed, safe storage, **unlimited shelf life**

The most complete programme of pre-impregnated washcloth rolls on the market, suitable for all **Offset and Web-Offset machines**, available in all sizes and for use with all kinds of inks: **TRADITIONAL, UV, HUV, HYBRID, COLDSET and HEATSET.**

The technical production procedure guarantees a **perfectly uniform and stable micrometric impregnation** on the complete surface of the washcloth roll. It guarantees a level of washing of incomparable quality, thanks to the perfect and **gradual release of the wash solvent.**

Pre-TEX® is unbeatable !

With a simple test you will have clear evidence of a considerable saving of time and a surprising number of washes !

Moreover, by eliminating the internal washing system, you will have a significant reduction of maintenance of the components subject to wear and tear !

The **high quality Pre-TEX® washes**, which guarantee a very good cleaning of the inks, were **studied for impregnation**, with parametres regarding the density, stability and tension-activity which are different to the normal washes used for standard wash procedures.

Possibility of converting the washing systems in use.

All the **Offset and Web-Offset machines** equipped with washing systems for blankets and impression cylinders, that use dry washcloth rolls, **are convertible to the Pre-TEX® system.**
